EDUCATION

- 2021- 2025
- BINGHAM UNIVERSITY
- Bachelor of Computer science

SOFT SKILLS

- communication skills
- leadership skills
- public speaking
- Team work and collaboration
- Adaptive learning
- creativity and innovation

PROFILE

My name is Abu Sa'eed Jeremiah, I am a DevOps engineer with 4 years experience in bridging the gap between development and operations, With expertise in cloud computing, containerization, and automation, I have successfully implemented efficient CI/CD pipelines, monitored and logged applications, and ensured high availability and scalability. Proficient in tools like AWS, Docker, Kubernetes, Terraform, and Ansible, I am passionate about delivering reliable and scalable software solutions. When not coding, I enjoy playing sports like badminton, volleyball and football.

WORK EXPERIENCE

- NITDA** 2024- PRESENT
Intern
 - Introduced DevOps practices to enhance the company's software architecture
 - Educated on the significance of DevOps and architecture principles
 - Executed CICD pipeline setup with Docker, Kubernetes, SonarQube, and Jenkins
 - Responsible for managing a section of the company's infrastructure

EXPERTISE

- AWS 85%
- Docker 75%
- Kubernetes 70%
- CICD 80%
- Gitlab-ci 90%
- Jenkins 80%

ABU SA'EED JEREMIAH

DEVOPS ENGINEER

RECENT PROJECTS

- **CI/CD Pipeline Implementation:**
 - **Toolchain:** Jenkins, Git, Docker, Kubernetes
 - **Description:** Designed and implemented a CI/CD pipeline to automate testing, building, and deployment of a web application.
- **Containerization and Orchestration:**
 - **Tools:** Docker, Kubernetes
 - **Description:** Containerized a monolithic application and implemented Kubernetes for orchestration, resulting in improved deployment efficiency and scalability.
- **Monitoring and Logging:**
 - **Tools:** Prometheus, Grafana, ELK Stack
 - **Description:** Set up monitoring and logging systems to provide real-time insights into application performance and infrastructure health.
- **Security and Compliance:**
 - **Tools:** AWS IAM, Kubernetes Network Policies
 - **Description:** Implemented security measures to ensure compliance with industry regulations, including access controls and network segmentation.
- **Cloud Cost Optimization:**
 - **Cloud Provider:** AWS
 - **Services:** EC2, S3, RDS
 - **Description:** Optimized cloud resources and reserved instances to reduce costs and improve resource utilization.

SKILLS SUMMARY

- DEVOPS  90%
